

# A Little Summary of the Big Gospel

**1. God designed & created a world for Good.**

We all have a sense of what the world could have been.

**2. The world has been damaged by Evil; evil in us and around us.**

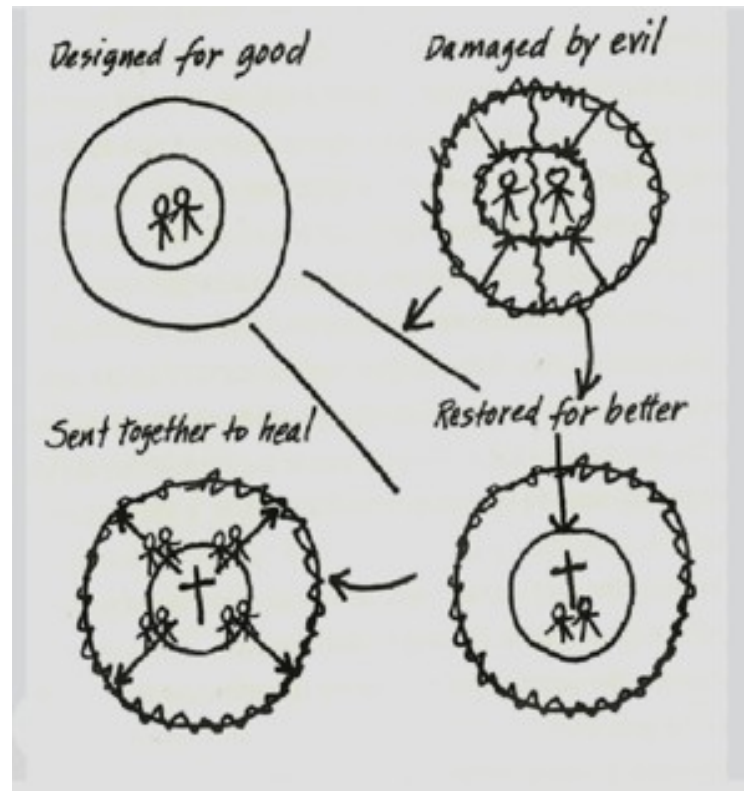

Everyone can see that the world is not how it ought to be.

**3. God is Restoring people back to who He created them to be.**

Lives are being transformed!

**4. We are sent together to spread the Good News and heal our world.**

God has commissioned us to bring good into the world.

## Responding to the Gospel

- Grasp the wonder of what God is doing for people in our World.
- Confess your condition. Release your sin and darkness to God. Surrender your life.
- Receive His forgiveness, His new life, His lordship.
- Begin following Him and learning from Him how to live in His Kingdom.
